2.0 Minimum academic years: Design, Business, Architectural Engineering

"W" stands for Withdrawn: "WF" stands for Forced Withdrawal: "I" stands for Incomplete: "IP" stands for Incomplete subject in case of transferred students, "Tr" stands for transferred

minimum duration of the undergraduate degree program cannot be less than four academic years in case of Architecture. Prior to Session 2008, Building and Construction degree program.

The total minimum credit hours required for the award of B.Sc. and Bachelor's degree is 130 credit hours.

The total minimum credit hours required for the award of M.Sc/ M.Arch/ M.Phil degree is 30.

The total minimum credit hours required for the award of Masters degree of various disciplines varies from 60 to 75 after a 14 years of undergraduate study.

3.0 Academic Achievement Measure: The Point Average (GPA) and the overall performance index (OPI) are calculated on the basis of a maximum of 4.00.

4.0 Subject Repeat Policy: Repeated subjects are shown with a (R) as a suffix to the grade earned. In case of repetition of a subject, the new grade earned, whether high or low, replaces the previous grade in computation of CGPA. In case a student earns a "W" or "WF" grade in a subject, the grade earned in that subject will be retained in computation of CGPA and in assessing degree completion.

5.0 Subject Classification: The transcript. Some subjects may not be shown with a suffix "L" would represent practical of the subject having a credit value.
